State Amateur Art Exhibition.

*A Message from the State Town and Country
Art Program Committee*

Welcome to the 1986 Town and Country Amateur Art Exhibition. We invite you to enjoy this display of work by Illinois amateur artists.

For over thirty years the Town and Country Art program has been devoted exclusively to non-professional art in the State of Illinois. The program has been the source of motivation for many amateur artists to produce creative two- and three-dimensional art forms in a variety of media.

This show is the culmination of county and regional exhibitions throughout the state during the past spring and summer. The 128 works you see here are among the 5,897 pieces entered by 2,471 amateur artists in 46 county shows. There, 771 blue-ribbon winners were selected for ten regional shows. To be included in this state show, the work had to receive a blue ribbon at a regional show.

At the heart of the Town and Country Amateur Art program are the artists. To them, we extend congratulations on their creative achievement and on the important contribution they make to the cultural development in the state. We invite their continuing participation in the program.

To the many dedicated volunteers, county Extension advisers and faculty members who assure the program's continuing success, we express our appreciation.

This year we pay special tribute to Professor Harold J. ("Jim") Marshall, U. of I. faculty member, School of Art and Design, for his extensive and valuable contributions to the Town and Country Amateur Art program. As a member of the State Committee for nearly a decade, Professor Marshall has given unstintingly of his time and talent. His able counsel, his innovative ideas and his commitment to excellence benefited the program greatly and continues as a lasting legacy to the amateur artists in Illinois. For all this, we say thank you.

*The Town and Country State Amateur
Art Exhibition*

The year 1986 marks the 31st anniversary of the Town and Country state amateur art exhibition, sponsored by the University of Illinois. It is also a time to reflect on how it came to be. It began in 1956 as rural arts show held in conjunction with the 55th Farm and Home Week. In the early years of the show, exhibitors were limited to residents of rural Illinois—the open country and towns of less than 10,000 population. The program has since been broadened to include all interested Illinois amateur artists.

Credit for the idea of a rural arts show in Illinois goes to Hadley Read, then head of U. of I. Office of Agricultural Communications. Returning from the Minnesota Farm and Home Week in 1955, he brought a catalogue of their Rural Artists exhibit. Read suggested to E.H. Regnier, a professor of rural recreation, that Illinois initiate a similar show for the Farm and Home Week.

Regnier and others agreed it was a good idea and thought the rural people of Illinois would be interested. At that time, some home advisers conducted programs to further the appreciation of arts and crafts. Also, the Cooperative Extension Service program of Leisurecraft and Counseling Camp and the county craft schools could provide exhibitors.

The Division of University Extension was offering art courses conducted by Professor Walter M. Johnson. He accepted the idea enthusiastically as a way to unite the scattered efforts of educational, recreational and personal pursuits in arts and crafts.

The proposal received the active support and cooperation of the College of Fine and Applied Arts. Dean A.S. Weller met with members of the art staff—Glen Bradshaw, Nicholas Britsky, George Foster, Don Frith and Johnson—and the proceedings were presented to Dean Louis B. Howard of the College of Agriculture.

Howard approved the idea and appointed a committee consisting of L.E. Anderson, D.A. Brown, Jessie Heathman, Dorothy O.

Twardock and Regnier to plan a rural arts show for the 55th Farm and Home Week. Bradshaw and Foster were consultants.

The response for the exhibit was greater than anticipated. The 100 entries crowded the Agriculture Library in Mumford Hall on the U. of I. campus. The show included the works of 42 artists from 19 Illinois communities. The jury, consisting of Johnson, Bradshaw, Foster and Frith, selected 10 pieces to receive special citations. Highlighting the first exhibit were a number of gallery features consisting of demonstrations in ceramics by Frith, oil painting by Foster, watercolors by Bradshaw, and miniatures by Nella Van Wyk, a guest artist from Johannesburg, South Africa.

The response and enthusiasm of Farm and Home Week participants, faculty, and staff were great enough to insure its becoming a regular part of Farm and Home Week.

Although the last Farm and Home Week was held in 1962, the Art Exhibition continues under combined direction of the U. of I. Cooperative Extension Service, Colleges of Agriculture, Fine and Applied Arts and Applied Life Studies.

From the Agriculture Library the state show moved to the lower gym of the Women's Building (now the English Building), the Bevier Hall basement, then to the Architecture Gallery. In 1968, the Town and Country State Amateur Art Exhibition opened in Lincoln Square, Urbana. For 17 years, the Lincoln Square Management Association cooperated in staging the show there, giving thousands the opportunity to view the work of amateur artists from throughout the state.

The year 1985 marked a new wave of change and a move to the Market Place Shopping Center in Champaign with the cooperation of the Management in staging the show and a return of a gallery feature on the final day of the exhibition.

This year, 1986, marks the return of ribbon awards to recognize the superior work done by Illinois amateur artists.
